Poster Stamp Collectors Club

7374 Arlington Dr

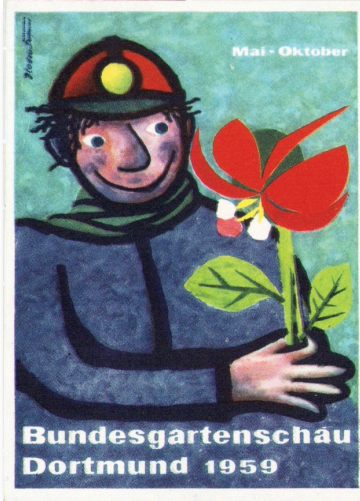

Richmond Hts, MO 63117-2242

Please note:

- All members will soon get an email version in color, and a temporary article will be posted online also, so we don't mail a paper copy overseas. First come is first served starting on MAY 8 and ending Memorial Day, May 26.

- We tearfully bade farewell to those subscribers who dumped us like a wallflower at the dance. We will treasure the flowers, practice our quaint and cute ideas for those who remain, and calm ourselves with childish overeating.

- Next Poster Stamp Bulletin, #344 in a long line, will be coming up at the beginning of June. As always, if you have requests, suggestions, criticisms, wish to contribute writings, or whatever, don't hesitate to contact us.

- A Japanese businessman started making mayonnaise in Japan 100 years ago. He named his company after Kewpie dolls (see #35), which he had seen while in the US. Kewpie is still the most popular mayo in Japan.

- For all members, 6 mailed issues of the PSB during the year
- 3 Mail Sales at 4 month intervals.
- Website: Expect to see aired monthly articles about assorted topics, [special thanks to several fine members who have submitted] and continuing Image of the Week, periodic announcements, changes to photos, etc.
- More of the Kiddle catalogs will appear in the library, on an irregular basis. Note that some books have been broken into two sections, to keep memory demand down. Expect to see other catalogs appear, such as the new catalog for the 1933 Chicago World's Fair which was posted in April.
