## PREFACE

---

THIS first paragraph may probably best be addressed to those who are not interested in the collection of Philatelic Labels and in this paragraph I shall attempt to explain what Philatelic Labels are and why they are worthy of the interest of a Philatelist. A Philatelic Label is a label or stamp, either in the form of a stamp or in the form of a gummed label or sticker, that is issued as propaganda for or to advertise any event of a Philatelic nature. Being what they are, Philatelic Labels come very close to being part of the literature of our Hobby. As such they are worthy of the interest of those who love the hobby beyond the mere matter of collecting stamps. The leading Philatelic Libraries of the world embrace much of the early advertising literature of stamp dealing and Philatelic Labels are a part of this literature which we as collectors believe worthy of preserving for future record.

Philatelic Labels first made their appearance in Europe during the latter part of the last century and so far as we know the first Philatelic Labels to be issued in the United States were those two labels issued at Columbus, Ohio, in 1908, by the Columbus Collectors Club for the annual Convention of the then "American Philatelic Association." It was at this 1908 Convention that the name of the organization was changed from "Association" to "Society." I naturally take great pride in this fact since it was I who produced and printed both of these labels and the fact that they were the forerunners of such labels for America gives me much reason to feel proud and naturally gives me added reason for an interest in collecting and classifying these labels.

My interest in collecting Philatelic Labels has covered a period of several years, although only in a haphazard manner. When it became evident that there were a large number of collectors interested in these labels I determined that a catalogue of the same would be a desirable addition to the hobby and it was therefore decided to print such a catalogue.

This task proved to be a much bigger undertaking that I had thought and since there was no way in which copy and descriptive matter for such a catalogue could be prepared other than from studying a collection of the labels, my first task was to arrange the labels I already possessed and to add to them as many other varieties as possible in order that a complete list might be attempted.

After some months work I finally prepared a list which was printed in Linn's Weekly Stamp News. As a result of this publication much added information was supplied by interested collectors and many additions were made to my own collection. It soon became apparent however that the method I had used in making the original listing was too cumbersome and I next attempted to simplify the descriptive matter as much as possible, yet make it full enough that each label might be identified.

The list was therefore fully rewritten and in the present form will serve until a better or more practical form can be developed. Any suggestions for such improvement will be welcomed, but it is my belief that the next step is to add to this present list in

its present form, all labels which are not yet listed, with the idea of making the list as complete as possible, after which it can be rearranged if such is desirable and priced.

You will readily note that I have arranged the known labels in four distinct groups. First, there are labels issued by strictly local clubs or organizations for local events. Second, labels by State societies or organizations. Third, labels issued by clubs or organizations whose scope or activity embraces part of one or more states or several states. Fourth, strictly national or nationwide clubs, societies or events.

It should be comparatively easy for any collector after studying this catalog a short time to quickly identify any label. Note first the name of the Club, Society or Event, note whether local, sectional, state or national, then note the date, size, color of paper and colors of ink in which printed.

The assistance of all collectors is desired in adding to this list. I believe however that the best method will be to have any interested person volunteer to submit for listing any labels not listed. I will then advise such person to submit the offered labels after which I will write the listing and return the labels. It will only be through co-operation of interested collectors that this listing may be made complete.

It has been my intention to include in this Catalog only labels issued by recognized Clubs, Societies and Organizations for strictly Philatelic Events and not to include privately issued labels as have been issued by dealers for advertising purposes. To include such labels would be to invite private issues for racketeering purposes, profitable to the producer. Naturally, those who wish to collect labels of that type may add them to their own collection.

# ORIGINAL COVER ALBUM

AT A PRICE THAT WILL MEET WITH YOUR APPROVAL  
CAPACITY 300 COVERS

For all kinds, sizes and shapes of covers. Meets the need of the collector of Air Mail Covers, Cocheded Covers, First Day Covers, Entire Envelopes, Stampless Covers, Foreign or U. S. Covers of any kind or size.

Screw Post binder, pages easily interchangeable. The binder is heavy board, covered with a rich maroon cloth in imitation of leather, stamped with title and name in gilt, inner lining is a fancy art paper.

Pages are 13 by 17 inches, of a heavy cover paper in a French Gray color. Pages are interleaved with beautiful transparent embossed parchment paper, thus permitting mounting on both sides of the page without danger of rubbing or snagging. This gives the book double capacity and will hold six covers to the page. The album of 25 pages will hold 300 covers. Every page is interleaved with a stub to allow for expansion. When filled the book will not bulge.

Note the beauty of this album in the illustration shown. You cannot find a better, more practical or a cheaper method of keeping your covers in a way that will permit their display.

Holds 300 covers—cost is but one cent per cover for this high quality, practical cover album. (Covers should be mounted with art corners.)

**Price for the Album Complete . . . . . \$3.00**  
(Carriage extra—shipping weight 5 pounds)

## EXTRA PAGE UNITS—TO DOUBLE CAPACITY

# Philatelic Label Exchange Club

## "PLEC"

SECRETARY-MANAGER

George W. Linn, 531 N. Park St., Columbus, Ohio

### MEMBERSHIP RULES

The membership fee shall be 50c. For this sum, the applicant will have his or her name listed in the Philatelic Label Catalog at date of publication and this listing will carry with it an acknowledgment of membership in "PLEC" until the next subsequent edition of the Label Catalog. When a new catalog is to be published, notice will be sent all members and those who make a 50c payment will have their names listed in the next edition of said catalog.

Linn's Weekly Stamp News will act as the official publication for "PLEC" although no definite plans for regular publication of club matter will be attempted. However, those who wish to become members of "PLEC" at any period prior to publication of a new edition of the Catalog will have their names properly listed in the official publication in order that other members may be made aware of their membership.

Payment of dues shall be made to the Secretary-Manager, whose address is above.

The object of the Philatelic Label Exchange Club is the exchange of Labels between club members. Listing of your name as a member is an invitation for other members to offer exchange of Labels.

The Club assumes no responsibility for actions of any member. In planning an exchange, members are urged to correspond and arrange terms which may be on the basis of prices as listed in the Philatelic Label Catalog or on such terms as may be agreed on between members.

Once an agreement has been reached, members are obligated to trade in an honorable manner and any failure to do so shall be reported to the Secretary-Manager, who, if he finds charges are sustained, shall have the authority to cancel the membership of the offending member and publish such fact in the official publication.

Collectors who are not readers of Linn's Weekly Stamp News will find it desirable to subscribe since the publication will publish from time to time, news and interesting information on Philatelic Labels, as well as a regular column listing all new Labels as they may appear. Subscription price is 50c per year in the U. S. A. Address the publication at Columbus, Ohio.

## Philatelic Label Albums

If you collect Philatelic Labels you will need some way in which to mount and keep them. Most experienced collectors follow the methods of stamp collectors and mount them on pages with stamp hinges.

Due to the large and varied sizes of Philatelic Labels, most collectors prefer plain pages. A rather heavy colored paper is preferred and LINPRINT is now offering suitable pages for Label Collectors in a number of striking colors.

Pages are  $8\frac{1}{2} \times 11$  inch size, punched on the long edge to fit a standard style of three ring binder. Paper is of heavy weight, antique finished art cover stock that will make a neat appearance.

**Package of 50 pages . . . . . 50c**

(Postage extra, mailing weight 2 pounds)

Your choice of colors:—Goldenrod, Green, Blue, Tangerine or Gray.

For those who prefer a quadrille page we can recommend our Perpetual Album Pages, our Heavy Black Album Pages or our Heavy White Album pages, all regular  $8\frac{1}{2} \times 11$  inch size for three Ring Binders.

Collectors preferring another type of album will find the three albums which LINPRINT offers for Covers, will make practical albums for Labels.

Ask for the LINPRINT CATALOGUE No. 10, which lists and describes many types of album pages and albums, besides other supplies for collectors.

# BLACK ALBUM PAGES

Probably no other page will make a set of stamps stand up and scream for attention like a Black Album Page. This page makes a very alluring background for exhibition pages and to show up your choice and pet issues.

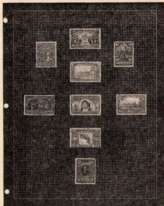

We offer a Black Album page on a fine quality of jet black paper of substantial weight. The pages are  $11 \times 8\frac{1}{2}$  inches in size with a mounting area of quadrille lines in grey ink, so as to give a soft background for your stamps. The mounting area is  $9\frac{1}{4} \times 7$  inches.

Pages are punched with three holes to fit all standard three ring binders.

You will enjoy having a few pages of stamps mounted on Black Album Pages.

**Pack of 25 pages . . . . . 50c**

(Carriage extra, weight 1 pound.)

## HEAVY WHITE ALBUM PAGES

The great popularity of our black album page has led us to produce a companion page which is a HEAVY WHITE ALBUM PAGE. Made of the same fine quality of heavy paper as is used in our black page, but a handsome white page which has the appearance of fine hand made paper. The weight, size and specifications are the same as for the black page and the price is the same. You will like these new heavy white pages.

## Philatelic Labels

Since my own collection is quite large, I will naturally only be interested in trading with the most advanced collectors, since I probably have most of the commoner and later varieties.

I am not in any way interested in ordinary Poster Stamps or labels of any kind, so please do not offer same to me.
